

**Deliver & collect to over 2,800
Access Points UK wide**

flexible I.T....where you want...when you want

We are here to make hiring equipment for you personally easier than ever. For your convenience we can deliver selected hire equipment to one of over 2,800 UPS Access Point locations at convenient locations near to you to save you time waiting in for a delivery. We simply notify you when the item is ready for collection. When the hire has completed you can just drop the equipment off at the same location or any other Access Point location of your choice.

Hiring equipment made easy—5 star service.
